To: Policy Committee – Department of Environment

From:  Jon Lofacono – Manager Sewer System Master Plan

Re: Alternative Language for Resolution No. 005-06-COE - Action 21

Support municipal wastewater management guidelines that promote the maximization of treatment and reuse of wastewater and minimization of the use of natural resources.  
Support the ongoing Sewer System Master Planning Process that includes participants of all affected communities and is based on sound economic, social, and environmental principles.  
Encourage the development of an Environmental Management System for Wastewater that strives for continual improvement.
