- 1. Our perspective is triple bottom line focused. While we are all focused on environmental issues, it is always balanced by economy and social implications. Tue, Nov 10, 2009 2:09 PM Find...
- 2. Increasing the amount of renewable energy used by the city of San Francisco should be a priority. Mon, Nov 9, 2009 2:23 PM Find...
- 3. The City/County should increase its commitment for environmental justice and continue supporting the EJ groups that really do this work in the community. Mon, Nov 9, 2009 2:16 PM Find...
- 4. - additional waste diversion and reduction issues, including waste reduction programs in City Departments, fees on waste prone items like coffee cups and takeout food containers, and additional pollution prevention activities. Tue, Nov 3, 2009 1:56 PM Find...
- 5. Global warming may create a catastrophic situation world-wide. The Commission could keep an on-going look at this and sound warnings if it threatens to reach such catastrophic proportions - i.e. rather than a gradual increase. Fri, Oct 30, 2009 8:46 PM Find...

10. Are there general environmental areas of concern that you [Download](#) feel need more attention, or specific environmental problems to be solved? Is there legislation you feel needs to be introduced? Any other comments, questions, suggestions?

of several feet, a parabolic increase of ten feet or more.

6. Same as above. We would like to see the Department prioritize biodiversity to be equally important as the rest of the issues that it works on, and hire a City Biodiversity Director to construct and make policy recommendations across the City family, and to write legislation to create stronger protections for San Francisco's natural heritage. Fri, Oct 30, 2009 1:09 PM  Find...

7. Does the department/commission weigh in on environmental effects of city planning decisions? Fri, Oct 30, 2009 12:59 PM  Find...
