Subject FW: Re Nominations for Landmark Tree Status - Ted Kipping

Good Morning Monica -

I have just received the e-mail from Consulting Arborist Ted Kipping in support of the Moreton Bay Fig, the Blue Elderberry, and the Flowering Ash Trees. Please include this in the record.

Thanks,
Mike

Subject: Re Nominations for Landmark Tree Status - Ted Kipping

Mike, I would strongly advise your dedicated selection committee to include the massive Fig tree at St. Luke's Hospital grounds. Over the years we have lost all the other big ones in easy public view. This is the last of the Big publicly accessible ones left in the City;

Similarly, I would also propose the large Elderberry at the top of Folsom Street on Bernal Hights for inclusion. It also is the largest publicly accessible one of its kind that I have seen in the City;

Lastly, please include the two Flowering Ash Trees in front of the Bernal Heights Branch of the Publica Library for inclusion as well. They are currently among the largest of their kind on our City streets. They also deserve more loving care to bring out the best of their neglected structure. All the Best, Ted Kipping - Consulting Arborist - ASCA and Life Member of the International Dendrological Society
