

Urban Forestry Council Landmark Tree Evaluation Form and Criteria

Pursuant to Ordinance 0017-06 and Public Works Code Section 810, the UFC has developed these criteria for evaluating potential landmark trees in San Francisco. When evaluating or considering potential landmark trees, please consider the context of the tree within its site location. For example, a tree on PUC land may not have the same community importance that a street or park tree would. Use comment sections, as appropriate, to explain or support evaluation. Attach sheets if more space is needed.

Evaluator's name: Rose Hillson
 Date of evaluation: April 25, 2011
 Scientific name: sempervirens
 Common name: Redwood
 Street address: 786 Cayuga Ave. 774 R#.
 Cross streets: San Juan + Santa Rosa
